L-W Players Ready For Debut

The Lincoln-Way Community Players will present "Ghost Train," a 3-act comedy tomorrow and Saturday nights in the Lincoln-Way high school auditorium. Curtain-time is 8 o'clock.

The play, directed by Lois Loebe, will be the first of several attractions the group plans to stage this season. The plays are sponsored by the Parent-Teacher Group and the proceeds will be used for the school.

Members of the cast are, Barbara Sprayberry, Stuart Morrison, Beverly Elliott, Paul Thomas, Ronald Whitaker, Lewis Loebe, Mrs. Jay Bissel, Jerry Saxon, Glen Ruthenbeck and Joanne Saxton.

The production has been in rehearsal for several weeks and those who have watched the cast at work predict a commendable performance.

The audience, of course, sees only the players but to stage a production requires the ser-

vices of many persons — the unappreciated company of working stiffs.

The play couldn't go on without the scenes and the numerous committees that handle the tickets, the advertising, the amassing of stage properties, the preparation of sets, taking care of the lighting, the make-up and many other details that all play an important part in amateur theatricals.

The ways and means committee of the PTG, for instance, had charge of the advertising and the sale of tickets. Members of this committee are, Mrs. LeRoy Mager with Mrs. Claudius Gray, of Manhattan; Mrs. Robert McCleary, New Lenox; Mrs. Terry Harling, Mokena; Mrs. Norma Bradley, Lincoln Estates and Paul Thomas, of the Lincoln-Way faculty, Mrs. Vera

Chapman had charge of distribution of tickets to the committee members and those within the Player group.

Other committees include: Posters, Ted and Judith Hurst; prompter, Lucille Tovrog; program and advertising the PTG Ways and Means committee; Stage design and construction, Barbara Sprayberry, Judith Hurst, Ted Hurst, Lewis Loebe; lighting, Vernon Newsome, Martha Lee Doyle, Martha Joe Doyle; sound effects (and there are many of these) Stanley Gilmore, Vernon Newsome; properties, Alice Niedringhaus, Rosemary Wheeler; costumes, Jackie Wallenhaupt, Judith Hurst; make-up, Betty Morrison; publicity, Margaret Lena, Betty Klasing and House Manager Joe Toms.

The job of ushering, charge of check rooms and refreshments will be handled by the Lincoln-Way Junior Class.

PTA Sponsors Open House at Carl Sandburg

Bells will be ringing for parents as well as their children when the first PTA sponsored event for this year takes place at 7:30 p.m. on Friday, Oct. 17 at the Carl Sandburg High school, 133rd and La-Grange Road.

"Back to School Night" affords the parents an opportunity to experience along with their sons and daughters, a short version of the daytime schedules of the students. Meeting teachers will also be a featured highlight of the evening.

The short business meeting will be preceded by the invocation given by the Rev. Paul M. Lundell, pastor of the Palos Park Presbyterian church. Mrs. George Lundin, program chairman, anticipates an overflow crowd and preparations have been made accordingly. Success of this evening needs your attendance so jot down the date and the time—7:30 p.m. and make this, the first event of the year, a big one. The social chairman, Mrs. Clifford Aulwurm and her committee will serve refreshments.

San. Dist. Engineers Hope to Get Bids on Sewage Plant Soon

The sewage treatment works planned for Orland Park by the Metropolitan Sanitary District of Greater Chicago will be capable of serving a population of 16,000 persons, according to information given the village board by the district's chief engineer, H. P. Ramey.

"Before this loading is reached," said Mr. Ramey in a letter read to the Orland Park village board Monday night, referring to the 16,000 figure, "it is expected that the area will be served by collecting sewer leading to a larger plant."

Announcement that the sanitary district planned to get action started on the project this fall was announced by J. M. Mercer, a district engineer, who spoke at a meeting of the Orland Park Chamber of Commerce.

In the letter read to the village council Ramey said that the Orland Park sewage treatment plant was in the planning stage and that plans should be ready so bids can be sought by the latter part of next month.

Word from the sanitary district was forthcoming after it had been informed that a new subdivision is in the offing south of 153rd st. where developers have access to 190 acres and there is also the likelihood of another subdivision on an 80-acre tract east of U. S. 45.

The 190-acre tract would be improved by the Dover Co. of Cleveland, O. According to officials of the firm it is proposed to build some 400 homes but details have yet to be worked out.

Consideration is being given to building some of the homes of brick, it was said. A spokesman for the company said the homes would be built on the sites.

The village council recessed its meeting Monday to Tuesday night for the specific purpose of reviewing some of the terms of a contract proffered by the Dover Co. The contract outlines what the builders are to do and what the village will do. Such an instrument not only protects the village and the interests of the community as a whole but also the developer.

Building permits for 33 homes in Orland Park Hills — valued at approximately \$396,000 — were approved by the council Monday night. The fees from these permits put \$4,476 into the village till.

Including this last number of permits the total issued for Orland Park Hills to date is 241. Under the contract with the village the developer agreed to build a sewage treatment plant after 250 homes were up or the third unit was opened for building.

Representatives of the builders asked the council Monday (Continued on page 2)

Await Word on Easements for New Lenox Drain

The New Lenox village board has committed itself to a program which it hopes will solve the drainage problem now centered in the Second ave. and Pine street area. The only thing holding up the program now, it was said, is to obtain easements for the tile line.

The board is now having plans and specifications prepared for a tile line that is designed to carry off storm water that now lays in pools and ditches in the area. The proposed tile would be two feet in diameter.

It is the board's hope that it can advertise for bids next month. Mayor Lloyd Berlin, in speaking for the council, said the board wanted it clearly understood that the proposed tile line is for surface water only and is not to serve as a sanitary sewer.

It is believed that if the surface water is carried away before it has a chance to saturate septic fields that the septic tanks in the area will function properly and not overflow, sending raw sewage into roadside ditches.

The only real solution for the disposal of sanitary wastes in the village is thru a regular sewer system, the mayor explained, and added that the board was still working on a plan which it hopes will provide such a system. The expense of such an undertaking has been the factor that has held up the plan.

The surface water drainage line will begin about 70 feet west of Pine on Second ave., angle across a corner at the rear of the R. A. Flint property and then proceed along the east line of the Eugene Carter property for about 175 feet and thence west for some 400 feet.

Altho the village board is ready to go ahead with plans for the surface water drain, action cannot be taken until it obtains easements from the property owners involved.

Rich-Bremen Tilt Tops Card Manana

Prep football fans of the area will be trekking to Bremen field tomorrow afternoon to see the game that is likely to decide the championship of the Southwest Suburban conference.

Bremen will be host to Rich, perennial champions. Each team is undefeated in conference play this year and Rich was not scored on until last week. The game is scheduled for 3:30 o'clock.

Mokena Girl Scouts to Choose Own Community Projects for Year

Each of the eight Girl Scout troops in Mokena has been asked to carry out a community project of their own choosing this year.

Last year's projects were the planting of trees in the Community park, painting community bulletin board, collecting white material for cancer dressings and the making of scrap books and favors for hospitals. Mrs. Lewis Hills, district director of Girl Scouts, Joliet, was present at the Neighborhood meeting Oct. 8 in Mrs. John Pettersen's home, at which time plans were made for the ensuing year.

A coffee can cookout will be held Oct. 22, 10 a.m. to 2 p.m. in the Mokena Community park. In

event of rain, the cookout will be postponed until the next neighborhood meeting, Nov. 5.

The Service team met recently in the home of Mrs. Ruth Horras to discuss the organization of troop consultants.

The senior troop went on a canoe trip Oct. 11, on the I & M Canal, starting at McKinley Woods, and ending at Aux Sable locks. Mrs. Glen Meyers and Mrs. Jean Berg accompanied the girls.

Anyone who is interested in the Girl Scout program and enjoys working with girls, should contact the neighborhood chairman, Mrs. John Pettersen, Mokena 4281.

Pastor Attending National Civil Defense College

The Rev. Adolph Lach, pastor of Christ Lutheran church, Orland Park, is attending the National Civil Defense staff college in Battle Creek, Mich.

He is taking a religious affairs course which began Oct. 7, at the request of Orland Park Mayor, W. R. Schussler, in order to advise him regarding the religious aspects of Civil Defense.

Driver Injured As Trailer Jackknifes

Arthur Gratz, 24, of Rt. 3, Lima, O., a truck driver, is in Silver Cross hospital, Joliet, as a result of an accident last Monday morning on U. S. 30 about two miles east of U. S. 45.

The accident occurred shortly after 6 o'clock, Gratz said that, when he swerved his trailer to avoid a collision with an oncoming car the vehicle jackknifed and went off the road and into a field.

He was cut about the face and head and was taken to the hospital in the Baskerville ambulance.

Frankfort C. of C.

Discuss Yule Lighting; Jamboree

With the Christmas season not too far off the Frankfort Chamber of Commerce is making a study of a program by means of which it was hoped to have more and better Yuletide decorations.

Many residents and business firms have always put up Christmas decorations but it was believed that thru coordination of efforts and cooperation a greater effect might be achieved. Charles McManis was assigned to the task of studying the situation and then make recommendations to the board of directors.

For the more distant future the Chamber of Commerce has decided to repeat the Town and Country Jamboree held late last summer. The date and type of program for next year's affair will be announced later.

Primary concern is in the timing of the celebration. This year the grain harvest was in

full swing and that fact is believed to have prevented many farm families from attending the program.

The C. of C. is faced with the fact of changing the date or arranging the program to include more evening activities.

In reviewing this year's affair the Chamber members were pleased with its success. Attendance was good and while it fell somewhat short of the total anticipated LaVern Larson, chairman of the committee in charge of the free lunch, reported that more than 1,500 lunches were served, which required 175 pounds of hamburger, 240 quarts of pop, 10 gallons of ice cream and large quantities of buns, relish and catsup.

Another question discussed by the C. of C. at its last meeting concerned parking facilities. While the problem is not too serious yet, it is of growing

concern to Frankfort business men and residents.

Earlier efforts to transfer the control of the lot now used for an ice skating pond from the Frankfort Lions' club to the Village for eventual development into parking space bogged down. The point of difference hinged around the continuation of the skating pond. Both the Village board and the Lions desire to continue this recreation for the enjoyment of the Community's youngsters, but insist on a clearer understanding of who will be responsible for the maintenance of the pond.

The Chamber of Commerce appointed Dr. Merle Otto to discuss the situation with the Village Board and the Lions' Club in an attempt to re-open negotiations. It was the consensus of the group that the differences were due more to a misunderstanding in the communications presenting the transfer than to the actual terms of the transfer.

Photographer Will Serve on Mokena Police Department

Marvin Smith of Mokena will serve the village as police photographer and will attend an F.B.I. school in Chicago specially conducted for the type of work in which he will be engaged. He will serve without salary.

Owner of the Marvin Smith Photo Service, the village board authorized his appointment at the request of the Mokena police department, consisting of Police Chief James Smetana, Joseph Heim, night patrolman, and Raymond Westlund, village marshal.

L-W District Valuations Up \$4.5-Million

Revised valuations on New Lenox township property—real and personal—plus new valuations on similar property in Frankfort township is expected to give the Lincoln-Way high school district a net increase in assessed valuation of about \$4.5 millions. Such an increase would add approximately \$225,000 to the district's bonding power.

The district is made up of New Lenox, Frankfort townships and a portion of Manhattan (the north third) township.

At a meeting to the Lincoln-Way board of education last Thursday night James Davis, Monee, of the county treas-

urer's staff, and Edward Chesko, of New Lenox, a Joliet school teacher who has been hired by the treasurer's office last summer to aid in evaluating New Lenox property, gave a brief sketch of the work that is being done to bring valuations up to a point where Will county will have a multiplier of one.

The New Lenox tax books are not finished, Davis said, but he expects the final figures will show an increase of \$3-million in real estate valuations and a decrease in personal property of about \$200,000.

Valuations in Frankfort

township show an increase of approximately \$2-million in realty and \$180,000 in personal property.

Real estate values in Manhattan township are down \$288,364 and personal property shows a drop of \$292,300.

Decreases in valuations in the three townships total about \$780,000 and the increases some \$5,200,000 or a net gain of around \$4.5 million.

Chesko, who has had experience in buying, selling and building homes, was hired by Davis to measure buildings and improvements.

There were many im-

provements on pieces of property in New Lenox township that were not carried on the books, Mr. Davis said, but said he did not know the number off-hand and declined to hazard an approximate figure.

Most of the valuations in New Lenox township had been too low, he said, and a similar condition existed in portions of Frankfort township.

Under the present set up County Treasurer Floyd Krapf, as ex-officio supervisor of assessments, is endeavoring to get all township assessors to follow a uniform pattern in (Continued on page 2)

Country Store To be Feature Of Fall Festival

By ELIZABETH B. ANDERSON
Lockport 886W2

At the Homer church fall festival on Oct. 23, a country store will be one of the attractions. The committee will appreciate any donations of fresh vegetables, plants, home made candy, bakery goods and any other saleable articles for the country store. Interesting old articles for the antique exhibit are also being sought. These will be for display only and not for sale. Articles should be marked with the owner's name and story of the exhibit.

Charles Volrath, 74, of Homer township, died Saturday, Oct. 4 at the Lincoln Nursing home in Joliet. Funeral services were held from the Goodale funeral home Monday with burial in the Lockport cemetery. The Rev. Robert Core of Lockport officiated.

He is survived by three brothers, Edward of Joliet, Roy of Homer, and Irving of Lemont, also a brother in law, Albert Schwab of Homer. He was employed for many years as a hotel clerk.

Albert J. Bockholdt of Lockport, 71, died Sunday, Oct. 5 following a long illness. Funeral services were held Wednesday at the Goodale funeral home with the Rev. George Moulthrop officiating. Burial was in Woodlawn cemetery, Joliet.

Born in Homer township, he lived during his boyhood on the present Bruce Anderson farm. The family moved to Lockport when he was a young man and he resided there since being a well known contractor for many years. The new Lockport Congregational church was built under his supervision. He was a member of the Modern Woodmen, the Moose, the Lockport Lions and the First Congregational church.

He is survived by his widow Etta, a son, Walter and three grandchildren, all of Lockport; two sisters, Mrs. Emma Taeschler, of Lockport and Mrs. Elizabeth Morrison of San Jose Calif., and one brother, Louis of Lockport.

Mr. and Mrs. John Golden, 143rd and Creme rd., are the parents of a son, born at St. Joseph's hospital Oct. 5.

Mr. and Mrs. William Rutter of Lockport are the parents of a son, born Oct. 6 at Silver Cross hospital. The baby's mother is the former Elaine Ott; this is the fourth son for the Rutter family, and he is the great grandson of the C. G. Rowleys of Bruce road, Homer twp.

Dependents of Disabled Can Get Govt. Aid

(EDITOR'S NOTE: This is the first of a series of articles on the changes made in the social security law. The changes affect particular groups of people who are frequently in need of much financial help.)

One of the most drastic changes in the 1953 amendments to the social security law is the payments of benefits for families of disabled workers, according to Harold Whiteside, Manager of the Joliet office.

Monthly payments to qualified disabled workers have been made since July 1957, but until now, no payments were possible to their families. Payments could be made to them only after the disabled worker reached retirement age or died. Now, if a worker between the age of 50-64 is getting monthly disability benefits because he is too disabled for further substantial gainful work, payments may be made also to his dependents.

The same requirements are needed for these dependents as the dependents of retired workers. These family members include children under 18, a disabled child over 18

in Chicago. Tuesday, Wayne Parker, Creme rd., showed his prize heifer at the show.

Tom Stanley of Chicago spent last Sunday in the Geo. Burcham home.

The Couples' club of Homer church met in the Russell Schaecke home on Parker rd. Friday evening. They are planning a box social to be held at the church Nov. 7.

The Good Luck Camp of Roy al Neighbors will meet in the church social rooms Thursday, Oct. 16. Hostesses will be Mrs. John Kesser, Mrs. Andrew Welter, Mrs. John Donahue and Mrs. Florence Homering.

whose disability began before that age, a wife 62 or older, a dependent husband 65 or over, or a wife at any age if she is caring for the disabled workers' child.

L-W DISTRICT— (Continued from page 1) fixing valuations. Prices brought in the sale of property are used as a basis, plus measurement of buildings. According to information obtained at Springfield it is believed that by assessing property at 55 per cent of its actual market value the county will get a factor of one as a multiplier. The present multiplier is 6.6667.

If a multiplier of one is given by the state revenue department then the assessed value becomes the equalized value. This year the assessed value was multiplied by 6.6667. It is Krapf's hope that if valuations are raised the various taxing bodies will cut their levies so the end result will not mean any substantial increase in taxes to the property owner.

A. H. Krusemark, president of the Lincoln-Way high school board, said the board was not interested in taking any part in pushing valuations up in any township in the district.

"Our only concern," he said, "is that the assessments are done fairly, for the property owner and the school."

All of the taxing bodies, it

road, fell from a ladder at his home, broke an ankle and was otherwise badly bruised. He expects to be incapacitated for at least six weeks.

Chairmen of the committees for the style show which will be sponsored by the Homer School club in March, were guests of Mrs. Richard Ferrish at the Fashion Show in Lockport Wednesday evening. Mrs. Ferrish is the general chairman of the Homer affair; her guests were Mrs. Ralph Reiter, Mrs. Clarence Molkentine, Mrs. Joseph Warren, Mrs. Rich ard Schuessler, Mrs. Eugene Anderson, Mrs. Elwyn Cagwin and Mrs. Ray Carlson.

Birthday Party

Mr. and Mrs. Ross Mitchell, 159th st. entertained at a family dinner Tuesday evening, Oct. 7 in honor of the third birthday of their daughter, Patricia. Fifteen guests were present to enjoy the turkey and all the trimmings as well as the beautiful cake. The little girl received many fine gifts.

The guests included Otto Konow Sr. and Miss Lila Konow, and the Otto Konow Jr. family, and Mrs. Walter Konow, all of Homer, Mr. and Mrs. Walter Jungles of Lemont, Mrs. Dorothy Miller and children and Mrs. Jennie Ott, of Lockport.

Susanne Burcham was a weekend visitor in Chicago.

A delegation from Homer church attended the Central Association of Congregational churches in Chicago Monday evening of this week. The voting delegates were Mrs. F. J. Paddock, Mrs. Roy Hanson Mrs. John Hollister and Mrs. Ralph Waldvogel. Jerome Paddock was the moderator of the meeting. Others who attended from here were John Hollister, G. C. Frazer and Mrs. Ira Anderson.

night if they were to be held to building a sewage treatment plant in the face of information from the Chicago sanitary district that it had such a plant being planned with the expectation of getting bids in November to build same.

The council was unable to give any decisive answer for the simple reason that it has no other information than that contained in the letter signed by Mr. Ramey.

Mayor W. D. Schussler, Jr. and Village Attorney Raymond Pieper pointed out that many things could happen which would prevent or delay the sanitary district from proceeding with its proposed program and the village did not want to place itself in the position of finding itself without

prospects of a sewage treatment plant. The residents of the development are now being served by a lagoon system for treatment of sanitary wastes.

Youth Is Injured In Fall From Hayride Wagon

Eddie Siemsen, 18, son of Mr. and Mrs. Hilbert Siemsen, of 167th and Harlem ave., Tinley Park, was injured when he fell from a wagon while on a hayride with the Tinley Park Teen club.

The accident happened at Silver Lake when the youth attempted to jump on to a pole, slipped and fell. He suffered abrasions on his back.

Couple Wed in Rockdale Saturday Take Wedding Trip to Florida

COUPLE WED IN ROCKDALE. Miss Marilyn Guorn became the bride of Robert Bell, Saturday, Oct. 11 at 2 o'clock in St. Joseph's church in Rockdale. Father John Malzone performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Louis Bajt, 18 Anita st., Rockdale. The groom is the son of Mr. and Mrs. Everett Bell of Marley.

Traditional wedding selections were played by Miss Carol Dargure, organist, who also accompanied Miss Janice Penko who sang, "On This Day, O Beautiful Mother". The bride placed a bouquet of red roses at the altar of the blessed Virgin.

Escorted by her father to the altar which was decorated with bouquets of white mums, the bride wore a gown of spun affeta designed with a scoop neckline trimmed in hand lipped lace, molded bodice and long tapered sleeves. The off-white tulle skirt was edged with a hand clipped lace. Her fingertip veil was of silk illusion attached to a matching cap, trimmed in pearls. Her bouquet was composed of two white cymbidiums with white mums backed by green ivy.

Miss Mary Ann Kovalik was maid of honor. She was dressed in a beige lace dress with a taffeta sheath with a ruffled overskirt of matching affeta. She wore white gloves and pearl earrings. A rust leather hat and matching shoes completed her attire.

Miss Mary Ann Kircinich and Miss Mary Ann Pellegrini were bridesmaids and were dressed in white. The matron of honor, All three carried bronze mums fashioned in a rescent cascade with green ivy.

Norman Klotz was best man. The ushers were Marvin Nice and Donald Nice, all of Frankfort.

A reception was held from 11 o'clock at the Young American club, in Joliet. Mrs. Anna Mae Gustafson was in charge of the guest book. Miss Shirley Miller served the cake and Mrs. Mary Ventura poured.

For her daughter's marriage Mrs. Bajt chose a French blue crepe dress with a marine hat and white gloves. The bridegroom's mother selected a Royal blue crepe with pink accessories. Both mothers wore pink cymbidium corsages.

When the newlyweds departed on a wedding trip to Florida, the new Mrs. Bell was wearing a red wool flannel sheath with black and white accessories. After Oct. 5, they will reside at 406 Sandau ave. in Joliet.

Bonnie Weichbrodt Former Frankfort Resident To Wed

Mr. and Mrs. Herman Weichbrodt, Jr., Fortune Lake, Mich., formerly of Frankfort, are announcing the engagement of their daughter Bonnie Marie to Robert Atkins, son of Mrs. Ethel Atkins of Sagola, Mich. No date has been set for the wedding.

The bride-elect was graduated from the Crystal Falls, Mich., high school this year. Mr. Atkins is a graduate of the Channing high school and is now employed at the D. & B. Freight Sales in Iron Mountain, Mich.

Rosary Society Plans Pantry Shower for Nuns

A pantry shower will be given for the nuns of St. George school at the next monthly meeting of the Altar and Rosary Society on Nov. 3. Mrs. Marie Lebowitz is chairman.

A bake sale will be held in the school basement Oct. 19 from 7 a.m. until 2 p.m. Coffee, cake and coffee will be served and pastries will be for sale.

An evening of Recollection is being planned and the date will be announced.

A new Study Group is formed and the first meeting is scheduled for Oct. 20 to be held at Mrs. Marguerite Matousek's home. Anyone interested in joining one or starting a new one please contact Mrs. Mary Condon, the Study Club chairman for more information.

Royal Neighbors Present 50-Year Member with Pin

Mrs. Louise Goesel of Tinley Park, who has been an active member of the Royal Neighbors of America for the past 50 years, was honored by members of Dew Drop Camp 2023 Tuesday night.

At the meeting held in the American Legion hall, Mrs. Goesel was presented with a 50-year pin by District deputy Mary McNabe of Harvey.

Escorted thru an arch of gold chrysanthemums by the Graces, she also received a string of pearls from the membership and a corsage of yellow tea roses.

A cake, made in the form of "50" by Creta Keuch and Elinor Dunne, was decorated with gold roses to mark the 50th anniversary of her membership in the Royal Neighbors.

Following the ceremony and refreshments, games were played.

Guild Sponsors Fish Fry Oct. 24 At St. Michael's

Catholic Women Holding Series Of Workshops

The Archdiocesan Council of Catholic Women is currently touring Cook and Lake counties with a series of six regional meetings to be presented in workshop form.

Site of the second meeting in the series, to be held today, Oct. 16, is St. Cajetan parish hall, 11225 S. Campbell.

The purpose of the regional meetings is to acquaint all Catholic women with the Council's threefold program of prayer, study and action as demonstrated in the workings of the eight ACCW-sponsored committees.

Program for the St. Cajetan meeting will include concurrent workshops running from 10:15 a.m. to 3:15 p.m. The workshops will develop Council committees on spiritual development, libraries and literature, medical missions, Our Lady's volunteers, decency crusade, discussion clubs, Girl Scouts and civil defense.

Mrs. Ralph Bagby, 6639 17th st., Tinley Park, is one of the women taking part in the meeting.

VFW Auxiliary Makes Donations To Hospitals

The V.F.W. Auxiliary to Post No. 2791 of Tinley Park held their regular business meeting Oct. 7 in the V.F.W. club rooms. Cash donations for Christmas presents, were made to Hine's Vaughn Veterans hospital, and to Dixon State hospital. A contribution was also made to the annual Veterans Day cigarette fund. Mrs. Frank Mott won the attendance prize for the evening.

The next social event, sponsored by the Auxiliary will be a Card and Bunco party to be held Tuesday, Nov. 18 at the Post Club rooms. Mrs. Alvin Miller chairman, and her committee plan a very enjoyable evening, with refreshments for all attending.

The next regular meeting will be a Social Oct. 21. Following the meeting a film will be shown on Judicial Reform, sponsored by the League of Women Voters.

Parent-Teacher League Views Film On Child Guidance

At the Oct. 10 meeting of the Parent Teacher League of Trinity Lutheran school, 159th and Oak Park ave., members viewed a film of the Child Guidance series, "A Clean House" for their visual topic. HANDICAPPED WORKERS EFFICIENT

The right man in the right job is an established formula for production success. If a handicapped worker can do the job as well as anyone else he deserves equal consideration in hiring, it was pointed out. Large and small businesses have proved that handicapped workers, suitably placed, equal the production records of able-bodied workers, statistics show. It's ability not disability, that counts.

Trump Sales Is Now Showing New Chevrolets

The 1959 passenger car line of the Chevrolet made its debut today.

More safety, comfort and performance, plus a complete styling transformation marks the new models which may be seen in the Trump Chevrolet sales rooms at Frankfort and at Swanberg Farm and Auto in Mokena.

The new styling reflects the influence of a space-conscious age. Lines sweep rearward in a virtually level plane. Tops are flatter and visibility increased.

The car is appreciably lower and the appearance of fleetness is brought out thru an adroit design of the front area and the horizontal wings branching out from the center of the rear deck.

Twin headlights have been lowered seven inches and located at the extremities of the grille. Air intakes, which are coupled with parking and turn lamps inside an anodized aluminum border, are above the headlamps. The bumper is higher; tail-lights, of an elongated tear-drop design, are under the wing spread of the rear quarter panels; the fuel tank cap is hidden behind the license plate.

A new type lacquer that practically eliminates polishing, is standard on all cars. One has a choice of 13 solid colors and 10 two-tone combines.

And there is more glass—up, down and around.

But the engineers did not stop with a change in appearance. They have brought out a new 6-cylinder engine, made improvements in the V-8s; improvements in the coil suspension at the rear and refinements in the optional Level Air suspension to provide softer, quieter operation; provided larger braking surfaces; made steering easier; increased the cooling area of the radiator and brought out a Turboglide transmission of advanced design.

There are nine engines, again adapted to multiple carburetor combinations or Ramjet fuel injection.

New tires also have been designed with a thinner and tougher cord thread that is said to give a cooler-running, softer tire that will give more wear.

Committee Claims SW Suburbs Best Location For Branch U. of I.

The committee of Higher Education of the Regional Association of South Cook-Will Counties Municipalities, of which Karl Treen is chairman, list some objections to the proposed site presented by Mayor Richard Daley's Central Redevelopment plan which calls for a location of a branch of the University of Illinois in Chicago.

The committee, which is working towards the locating of the University branch on 600 acres in Bremen Township, claim it would take from eight to ten years to develop the Chicago site. Also that hundreds of thousands of dollars in tax income would be lost to the city and county by using the land proposed. Other objections are that the site would probably cost more than \$20,000,000 to be paid out of money which comes from the taxpayers, and that the downtown location would be unsuited for a University because it is too small, there is too much traffic congestion, too noisy, too dirty, and in an unwholesome atmosphere for students and faculty homes.

In comparison, the committee points out that the proposed location at 167th and Crawford would cost less and there would be a small tax loss. Other favorable items pointed out were the difference in size of the site, (600 acres compared to 130 to 160 in the downtown area), no excess cost of maintenance and expansion possibilities. While in the Chicago area, vast clear ance of slums would be necessary. The Bremen Township site has greater expansion possibilities.

The strong factor listed by the Committee is that there are no 4 year colleges south of 67th st., Chicago and only three south of the Loop.

Bremen and Rich Will Clash Tomorrow

Both Undefeated in Conference Play; Game May Decide Title

The clash tomorrow between Rich and Bremen is quite likely to decide the football championship of the South-west Suburban conference, according to those who make a study of the athletic situation. The game will be played on Bremen field at 3:30 o'clock.

Both teams won last weekend. Whether each is feeling the tension or whether it is overconfidence, or perhaps it just happened that way—anyway both teams had difficulties.

The Braves had to come from behind to beat Reavis 28 to 19 and while Rick took Evergreen Park 47 to 12 this was the first time this year that anyone has scored against the Rockets.

But the worst of it was that Rich has probably lost the services of Lynn Mautz, second in the state scoring total, for possibly the remainder of the season. He made four touchdowns in the first half of the Evergreen Park game and then had to be taken out in the third quarter when he suffered what was said to have been a fracture of the left wrist.

And that is not the only injury to plague the Rockets. Lance Chilton, the No. 1 replacement for Mautz, collapsed in the dressing room after the game. Coach Dick Anderson said Chilton has a leg infection but he hopes the lad will be able to play by tomorrow. The other casualty is Jim Sajovic, a general utility man who can perform in the line or the backfield, including the quarterback position. A broken rib may keep him on the bench tomorrow.

The Rich-Evergreen Park game was not to be confused with drop the handkerchief at any stage of the contest. The Mustangs also made use of litter squads in making substitutions. One of the Mustangs, Paul Brenen, was taken to the hospital and held there for observation because of a head injury. However, his condition was not believed to be serious.

The Rich-Evergreen Park encounter was further enlivened for players as well as spectators with temper flares, probably growing out of a straying elbow, knee or set of knuckles. One such outburst resulted in banishment of a photographer who dashed out on the field to take a picture of a couple of players squaring off. Evergreen Park coaches and police got into the act then, seizing the photog and giving him the old heave-ho.

Between injuries and arguments Rich managed to amass 47 points and in such a convincing manner that no one had any doubt as to the end result. The Rockets had the score at 47 to 0 shortly after the second half began but never tallied again. The Evergreens scored late in the third quarter and again in the last minute of the final period but failed both times to gain the extra point.

The Braves had a scare Friday night at Reavis when an inspired Rams' team got out in front and gave every indication of staying there. The Rams were smaller than the Braves but they are full of zing and Larry Callan's club really had to work to stave off defeat.

The Rams led 13 to 7 at half-time and shortly after the third quarter began increased their advantage to 19 to 7. The Braves went to work then and marched 60 yards to a touchdown with Tatum carrying Bob Le Monier, Rams' full-back and safety man over the goal line with him on his back for the final 15. Tatum converted and the count was at 19-14. In the fourth quarter Mannaioni intercepted a Rams' pass on his own 10-yard line and ran it 35 yards before he was downed. From there the Braves went on to score, Tatum going over and Nelson gaining the extra point to put the Braves ahead for the first time, 21 to 19. The fourth and final touchdown was set up again on a pass interception by Mannaioni. Tatum cut loose with a couple of gains of 16 and 21 yards respectively and Mannaioni took it over. The latter's younger brother, John Mannaioni then went over for the extra and final point.

Knights Lose to Spartans 28-6; L-W Frosh-Sophs Score 21-6 Win

By BILL SLUIS
Last Friday, Oct. 10, Lincoln-Way's Knights dropped their fourth consecutive game of the year to the Oak Lawn Spartans. Altho defeated by a score of 28-6 the Knights looked better in the fourth quarter than they have since their first game of the year when they beat Lemont 7-0.

The Spartans controlled the ball during the first quarter but were unable to score. Lincoln-Way would have been better off without the ball this quarter. When they had it they lost ground on every play except one. This was a hand-off to Howie Mann which gained three yards up the middle.

Toward the end of the quarter Oak Lawn started a 45 yard touchdown march, which was climaxed by a one yard plunge for the T-D by Ken Houston as the second period opened. Chuck Meadows kicked the conversion and the score stood at Spartans 7, Knights 0. The Spartans got two more touchdowns in the second quarter, one on a 79-yard run by Quarterback Chuck Meadows and the other a two-yard hand-off to Chuck

Davis. Meadows kicked both conversions to make it Oak Lawn 21-0 at the half.

Altho the Knights played better ball the second half, they were no match for Oak Lawn. The Spartans scored their final touchdown on a four-yard hand-off to Bill Scherer in the third quarter. Chuck Meadows once again converted to give Oak Lawn 28, the Knights 0.

In the final period the Knights held the opposition scoreless and counted their first touchdown in three games. The play that ended the scoring drought was a beautiful 93-yard reverse by quarterback Howie Mann. Even tho the conversion failed, the Knights played inspired football during the remainder of the quarter but couldn't reach paydirt again.

The Lincoln-Way frosh-soph played Oak Lawn last Thursday and trounced their opponents 21-6. Wayne Lauffer was the Knight star as he scored two touchdowns on runs. The other TD was scored by Skip Kruzich, the quarterback, from four yards. Jim Stanek ran all the conversions and helped the game much by another 62-yard run for the Knights.

Frosh-Soph Win For Sandburg; Varsity Loses

By RANDY JOHNSON
Carl Sandburg varsity lost to Libertyville at the latter's homecoming program last Saturday. The two teams battled on even terms for three quarters and then two fast touchdowns by Libertyville in the final period brought the contest to a close with the Eagles on the short end of a 14 to 0 score.

The Sandburg frosh-sophs, however, continued their victory string by shutting out their hosts in the curtain raiser, 19 to 0.

The Sandburgs will travel to Oak Lawn tomorrow for a conference game and Reavis and Evergreen Park will clash on the Mustangs' field. Lincoln-Way has a non-conference game with Morgan Park on Saturday.

NOT THRU HERE, these Knights are telling this Oak Lawn ball carrier and a second later he was down. The Oak Lawn man is Chuck Meadows but the spotters didn't catch the Lincoln-Way players. Score-wise there was little profit in the afternoon for Lincoln-Way as their visitor won 28 to 6.

Biddy Basketball For Boys 9-12 To Be Organized

On Saturday, Oct. 18 at 12:30 p.m. there will be a meeting at the Palos Park village hall to organize a Biddy basketball league for the Palos-Orland area.

Biddy basketball is a nationally known sport for boys 9 thru 12. All boys will be given an opportunity to play. Tryouts will be held next week.

Any father interested in acting as coach or instructor for this activity is invited to the meeting.

More Sketches On Lincoln-Way Grid Players

By BILL SLUIS
This week we have more sidelights on the Lincoln-Way Knights.

A senior who stands six feet one inch tall and weighs 180 is Bill Remien. The lineman said he doesn't have any favorite play "As long as we win." Not recalling any particular thrills playing football for the Knights, he earns good grades, is popular among his classmates, and plans to go to college.

Les Osborne, known to most people as "Oz", is a handsome junior who stands five-feet eight inches. Weighing in at 150, he is known for doing a good job "holding the line" at left guard. Les was one of the heroes of the Bremen game when he grabbed a fumble in the end zone. His action resulted in a Knight touchdown. He's sixteen years old and hasn't decided whether or not he'll go to college yet.

Ever wondered who the biggest player in the L-W squad is? He's Dennis Becker the big bear who plays left tackle. He's six feet tall and throws 225 pounds at the enemy. His favorite play is the "pitch-out", and he is planning to go to college.

Bill Seaverson is a sixteen year old junior who plays right guard. The five-foot ten inch lineman weighs 170 and is planning to go to college. This is his third year with the Knights as one of the brightest spots in the Lincoln-Way scene. Bill says he likes the "41 reverse" for top honors in Semmler's Press.

Mrs. Gordon Bendix Assumes Presidency of Orland Park PTA

Mrs. Gordon Bendix, former vice president of the Orland Park PTA has accepted the presidency as Mrs. Hans Bader the former president resigned. Mrs. Gordon Bendix was nominated and accepted the vice presidency. They have a big job ahead for the school year, involving many hours donated to the Parent Teacher's association during afternoons and evenings. If you are called upon to help on committees and are a member of the PTA your cooperation will be appreciated to lighten their task.

Mrs. William Garvin spent a busy week end planting 119 tulip bulbs in her back yard garden.

Affairs of interest attended by neighbors in the past few weeks were: the tour of eight lovely homes in the Palos Park area, sponsored by the Palos Park Women's club. St. Michael's card party on Wednesday evening and a turkey dinner church in Orland Park. Events and bazaar at the Lutheran of interest coming up are the turkey shoot in Worth township to benefit the Volunteer Fire department and the Orland Park Volunteer Fireman's dance. Next month will be the Home Owners Association meeting. Last but not least, is the Laguna Woods Home Owners Association party and dinner for which plans are being made.

Mr. and Mrs. Arthur Arnold entertained guests Friday evening at a card party in their home.

Week end guests of the H. L. Woodbury's were Mr. and Mrs. Robert Carver of Peistakee and their children Cindy and Robbie.

Mr. and Mrs. Harold Kinyin

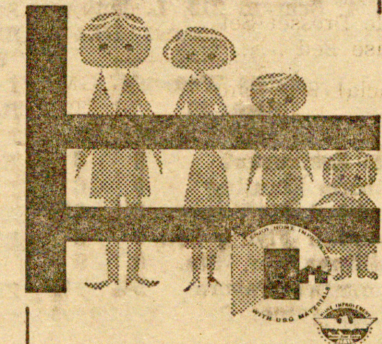

ther, 17239 Oak Park ave., are holding open house Sunday, Oct. 26 from 2 to 5 p.m. in honor of their 25th wedding anniversary. Friends and relatives are invited.

Mr. and Mrs. Walter Bettenhausen of 17311 69th ave., celebrated their 25th wedding anniversary Oct. 15. They were married in the parsonage of the Salem Lutheran church, Blue Island, Oct. 15, 1933. Mrs. Bettenhausen is the former Sylvia Riccio. They have two children, Mrs. August-Badali of Harvey, and Merle who is still home, and one grandson, Steven. The anniversary party was held Saturday evening, Oct. 11 at Sanger hall which was attended by 300 friends and relatives.

Rita Kopp, daughter of Mr. and Mrs. William Kopp of 17633 65th ave., recently passed the Illinois State bar examination. Rita graduated in June from DePaul university with a Juris Doctor's degree. She was one of the top ten percent of a class of 70.

HOSPITAL PATIENTS

of Racine, Wis., spent the week end with the Henry E. Andersons and the Arthur Littles. After bidding her brother goodbye, Mrs. Little lost her footing and fell on the front steps. She suffered bruises on her face when her glasses broke and she also sprained her ankle.

The Robert Anderson's dinner guests Saturday night were six couples from the 'Woods. Mr. Anderson was the chief and served Italian sausage sandwiches.

Mr and Mrs. Arthur Aiello entertained at a card party in their home Saturday evening

Mrs. William Snedden accompanied Mrs. Locke and daughter Evangeline of Orland Park to Valparaiso, Ind., Saturday. The ladies enjoyed a parade and football game when Valparaiso played DePaul. The score was 31 to 0 with Valparaiso making two touchdowns in the first quarter. The women enjoyed their tour of the campus, fraternity house and chapel which seats 4,000. It has a beautiful spiral staircase from basement to balcony and the chapel windows are being made in Germany and sent here piece by piece.

Tuesday evening the men of Christ Lutheran church had their dart ball game and PTA served pie and coffee. Mrs. Snedden was one of the hostesses.

Mr. and Mrs. Ralph Mollo are the parents of a son Ronald Henry, who weighed in 6 lbs. 9 oz. The Mollos have two other sons of pre school age who are staying with Mrs. Mollo's mother.

Kennie Eckol has been ill at home with the mumps.

Janice Rossow, 15, daughter of Mr. and Mrs. Fred Rossow, 175th and Brennan Highway, had her tonsils removed at the hospital this week.

IT'S CORN PICKING TIME again and Charles Swanberg, of the farm and auto service company of Mokena that bears his name, is shown here (second from left) getting delivery on a unitractor picker at the Minneapolis-Moline plant at Peoria. Mounted on a uni-tractor—a three-wheeled rig—the picker becomes self-

propelled. The tractor can also be used to mount a baler, combine, windrower or forager. At the far left is Hubert Huber, a supervisor at the Peoria branch. At the far right is Bernard Shipman, branch manager and next to him is Edward Carroll, general sales manager.

Party Nets \$175 for Retarded Children

At the card and bunco party given last Saturday evening by the Auxiliary of the William Martin Post 729, VFW at Mokena, which was given

for the benefit of the Trinity school for retarded children, \$175 was netted. The Auxiliary turned that amount over to the school which was gratefully accepted.

The Auxiliary is grateful to the Mokena merchants who donated valuable prizes.

Most fatal auto accidents involve only one car, according to the National Safety Council.

Adamowski Takes Action In Palos Zoning Situation

(CNS)—State's Attorney Adamowski has charged John Henley with using the premises at 9416 S. 73rd avenue, Palos township, since June 9 for the storage of garbage trucks in violation of the R-4 residential zoning and without county permits.

The County court complaint, signed by Francis J. Hogan, county violations supervisor, calls for Henley's appearance in court October 27.

Workers are killed more often in accidents off the job than on, according to the National Safety Council. It says 31,800 workers die annually off the job as compared with 14,200 on-the-job accidental deaths.

About the same number of persons were killed in auto accidents in 1957 as 21 years previously, according to the National Safety Council. However, the mileage death rate (number of deaths per 100 million vehicle miles) dropped from 15.1 to 5.9 in 1957.

One person in 40 is injured each year in a home accident, according to the National Safety Council.

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

These Fords you've got to try! For left is the new Thunderbird . . . center, the new Custom 300 Tudor Sedan . . . and above, the 9-passenger Country Sedan.

AWARDED THE GOLD MEDAL
for beautiful proportions—
by the Comité Français de l'Élégance
at the Brussels World's Fair

Styled, powered and priced for today's driving! There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Élégance at the Brussels World's Fair! With new Thunderbird flavor in each lively line and tastefully new interiors, these 59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines—Six or Thunderbird V-8—thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars . . . full-flow oil filtration that lets you

change oil at 4000 miles instead of the 1000 often recommended . . . new Tyrex cord tires for greater economy and safety . . . a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever . . . and two new economy power-transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a completely new Fordomatic Drive teamed with a Six or Thunderbird V-8—at a price that puts automatic

driving within everyone's car budget. It's a simplified Fordomatic with nearly 1/4 fewer parts. **NEW economy team Number Two!** Take Ford's versatile new Cruise-O-Matic Drive, add the responsiveness of Thunderbird Special V-8 power and you have the last word in automatic driving plus the "built-in" overdrive savings of an economy-geared axle.

Altogether NEW in everything you can see, feel or touch!

Shown in a picturesque Brussels World's Fair setting is a 1959 Ford Sunliner convertible. Ford offers two convertibles in 1959: the soft-top Sunliner and the retractable hardtop Skyliner. Ford's tasteful styling theme in 1959 is a result of consumer demand for more elegance and dignity, as opposed to gaudiness or extremism. In the background is the Atomium, prominent landmark at the Brussels World's Fair.

Palos Hills to Hold Election Oct. 25 on Incorporating as City

(CNS)—The battle over control of a section of territory south of Hickory Hills has ended.

An order calling for an election to incorporate the area as the City of Palos Hills has been signed by County Judge Otto Kerner, thus defeating the faction seeking annexation to Worth.

Judge Kerner's order directed the election to be held Oct. 25 from 6 a.m. to 6 p.m. at the Quinn Public School, 103rd street and Roberts road. He ruled the court has no jurisdiction to consider objections to the petition to incorporate.

Under the law, no provision is made for filing such objections or to intervene. The court can only rule on the validity of the incorporation petition and if it is found to be in order, an election date must be set, Judge Kerner said.

He also denied the Chicago Ridge Land Fill company's motion to intervene in the petition ruling it had no right under the law to do so. The firm contended that since it has already been annexed to the Village of Chicago Ridge, incorporation of the company's 45 acres would be improper.

The legal battle involves 225 acres west of Worth. Attorney Franklin Chino represents the petitioners seeking annexation to that village. Attorney Jack M. Siegal represents the property owners seeking incorporation as the City of Palos Hills.

Both attorneys said that if incorporation is voted down at the special election, the annexation petition will again go before the court. If incorporation is approved, the court will call another election to select the municipality's first officials.

Last April 14 Worth filed an annexation petition for the territory about eight hours before the North Palos Community council entered a counter-petition for a referendum to incorporate the same area as the City of Palos Hills.

Proposed boundaries of the City of Palos Hills generally follow the village limits of Hickory Hills on the north, the Calumet-Sag channel on the south, Kean avenue on the west, and Harlem avenue on the east.

Signers of the petition seeking annexation to Worth reside in the area once part of Hickory Hills which was "set free" last April when Circuit Judge Harry M. Fisher ruled miles of road annexation by the village were illegal because the highways were not contiguous to the village.

Water Bill Fight Is Continued to Next Thursday

(CNS)—A hearing on Evergreen Park's motion to strike a counter-complaint by the Reuter's Dairy company, 9834 S. Kedzie, has been continued to today by Superior Judge Harry M. Fisher.

The continuance in the year-old case was requested by Village Attorney Peter G. Schultz who was out of the city.

Reuter's Dairy contends that sewer and water rates charged by the village are erroneous. The counter-complaint contends the village has charged the company higher rates applicable to a building housing a public toilet and air conditioning.

The bill says the dairy's building has no public toilet, therefore should be charged a lower rate.

The village, in its motion to strike, contends that if the company was charged the wrong rate the mistake was the dairy's not the village's.

The counter-claim was filed after the village filed suit over alleged unpaid water and sewer service bills of the dairy.

Evergreen Park seeks a judgment of \$4,054.48, which it alleges is the dairy's total unpaid water

and sewer service bills from April 1, 1953 to June 30, 1954.

The dairy paid \$426.12 on the bills, the village said, alleging the total charge for the period was \$4,480.60.

Attorneys Franklin W. Klein and Arthur C. Thorpe, representing the dairy company, said all bills were paid in full for the period in question.

In Memoriam

BAUDRY, Billy. —In loving memory of our beloved son, brother and uncle who passed away Oct. 19, 1957.

Long days, long nights of suffering, waiting for a cure in vain.

One morning when autumn leaves of red and gold were falling.

God came and saw you suffering, and in His kindness took you away.

Now in our hearts there is pain and sadness; there is also comfort in the thought that a loving God knows best.

Until we meet on that other shore, God has left with us beautiful memories of one whom we loved tenderly.

"H.M.S. PINAFORE"
On Oct. 31 and Nov. 1, Lincoln-Way's Mixed Chorus will present "H.M.S. Pinafore, a comic opera in two acts, written by Gilbert and Sullivan, and first produced at the Opera Comique in London, on May 25, 1878. It is full of the nonsensical whimsicalities and happy humor which caused this operetta to become an immediate success. The captain of the H.M.S. Pinafore wants his daughter (Josephine) to marry Sir Joseph Porter, First Lord of the Admiralty, but she is in love with Ralph, a common sailor. They decide to elope, but their plan is betrayed to the captain by Dead-Eye Dick, the villain. A bumblebee woman, Little Buttercup (in love with the captain) solves everyone's problems by revealing a curious secret. This entire merry production includes many clever and beautiful musical arrangements, and also some gay dancing.

F.F.A. ATTEND DAIRY SHOW

Wednesday, Oct. 8, the Lincoln-Way chapter of the Future Farmers of America attended the International Dairy show. Before going to the show the boys had a chance to walk around the Union Stock yards to see the cattle being marketed there. At the Dairy show they were able to watch the cattle being shown and judged, the quarter horse auction sale, and also the numerous exhibits on display. In all, the day was spent in learning new ideas and observing practiced methods in dairy farming.

Each week, according to the National Safety Council, 81,000 persons are injured in home accidents—an average of an injury every eight seconds. More than four million persons are hurt in home accidents annually, and about 28,000 persons are killed.

Geisler Drug

MOKENA, ILL.

October 16, 1958

To Our Patrons:

While we exert every possible precaution in selecting magazines and comic books which are on sale at the Geisler Drug Stores, it is impossible for us to read all of the literature which is distributed for sale.

Many periodicals which come to us are rejected because we know that they are not suitable for young people to read. Others, perhaps, are on the stands which you would not want your children to read. If you will notify us of any "off-color" magazines or comic books on our racks, we will be glad to remove them, and to discontinue their sale in the future.

We are anxious to serve parents and young people in a constructive way, and will not knowingly sell any merchandise which is detrimental to the development of good citizenship.

Respectfully yours,

William H. Geisler

1959 Ford Line To Make Bow in Area Tomorrow

The 1959 Ford car line, which already has received an award at the Brussels World's Fair for styling elegance, will go on display in dealers' showrooms tomorrow, Oct. 17.

In this area the Ford dealers are Cooper-Hostert at Mokena; Cooper-Show at Frankfort; English Brothers at Tinley Park and Bob Boyce at Oak Lawn.

All of these dealers and their staffs, service as well as sales, are delighted with the 1959 models.

"The 1959 Fords are new in concept and new in style," a spokesman said. "The 1959 styling theme is good taste, a result of consumer demand for more elegance and dignity in automotive styling as opposed to gaudiness or extremism," he added.

It was also pointed out that the engines have been engineered for greater fuel economy, quality designed construction and a new, lighter Fordomatic transmission with 105 fewer parts than in 1958.

The engines, it was added, offer greater operating economy and performance in the normal driving ranges, 30 to 70 m.p.h. Ford recommends regular grade gasoline in all standard engines for economy. This benefit has been achieved in part, it was explained, by a slight reduction in horsepower.

Every piece of body sheet metal has been changed to reflect the good taste of the Thunderbird, the dealers said, adding that the Thunderbird's crisp lines have given the Ford a formal quality and the impression of a bigger, heavier car without the addition of bulk.

The bodies are finished with an enamel that requires no waxing for the life of the car, it was stated.

The line includes 17 models, ranging from the Custom 500's. All will be on a 118-inch longer than in 1958, thru the six station wagon models to the Fairlanes and Fairlane 500's. All will be on a 118-inch wheel base and with an overall length of 208 inches.

The windshield area has been increased 280 square inches or 29 percent.

The safety concept of "packaging the passenger" against injury, which Ford introduced to the auto industry, includes as standard features the extra-rugged, five cross-member frames with wide-flared side rails, safety door locks and the Lifeguard steering wheel. Safety seat belts, padded instrument panel and padded sun visors are available as optional equipment. Laminated safety glass, which Ford pioneered, is used in the windshield and side windows. The roof is strongly supported at the four corners and reinforced by channel-section cross braces.

Backyard Floods Spell Trouble For Landscaping

If your back yard stays pretty soggy after rains, you should plant something more than additional trees and shrubs this fall.

That something is drainage tile to carry off excess water, water that can cause horticultural deaths by cutting off the oxygen supply in the soil.

Almost all weekend gardeners are acutely aware of the need for additional watering during drought, but few realize that excessive water can prove equally disastrous to the landscaping, points out H. E. Rioux, tree representative of the Davey Tree Expert Co. This past summer saturated soils took a greater than usual toll in new plantings of young trees.

Newly planted trees are easy victims for a number of reasons. In the first place, freshly spaded soils absorb water like a sponge and consequently dry out slower. Then, many young trees are planted at lower levels than they should be. Roots thus receive less than their normal air supply. When even this limited supply is shut off by over abundant rains, trees drown as surely as humans do.

In some soils not too badly saturated, ground may be contoured so that it will raise trees and planting beds several inches above the surrounding terrain. The most logical remedy, however, is adequate drainage that will siphon off the rain pools within a matter of hours after the storms.

The drainage system is some what linked to the problem of storm sewers that will handle the stress of frequent and torrential rains.

Clarence Storm, Former Homer Resident, Dies

Relatives here have received word of the death of Clarence Storm, aged 77, of Great Falls, Mont., a former resident of this area. Death, caused by heart failure, occurred in a Great Falls hospital Sunday, Oct. 12.

The son of the late Mr. and Mrs. William Storm, he lived when a boy at the present home of the Mrs. Alma Brown family, near Marley. When a young man, he homesteaded in Montana and engaged in wheat farming. In 1911 he married the former Harriet Parr and settled permanently in the Great Falls area. For the past 20 years they have lived in the city where he dealt in real estate.

His widow survives, as do two daughters, Mrs. Dorothy Bradford of Chihuahua, Mexico, and Mrs. Gladys Voorhees of Great Falls, and one son Stuart, of New York city, who is with the Merchant Marines. Also there are five grandchildren, two sisters, Mrs. Alice Owen of Chicago and Mrs. Fern Jones of Wilmette, and two brothers, William of DeKalb, and Clifford of Glendale, Cal. He was a brother in law of Mrs. Bell Storm of Maple road and of Mrs. R. C. Storm and Mrs. F. J. Padlock of Homer, and Mr. R. C. Storm is a cousin.

Missionary from Africa to Speak At Methodist Church on Oct. 26

By KATHARINE HEISNER
Frankfort 5187

Miss Maguerite Deyo, a missionary of Africa, will visit the Methodist church Sunday school and also speak at the church services on Sunday, October 26. Later a potluck dinner will be held at the church where members will greet Miss Deyo.

The Methodist Youth Fellowship will have a bake sale Saturday, at 1 p.m. at the Consumers Hardware in Manhattan.

The annual turkey supper will be given by the Methodist church Nov. 6. Reservations are by tickets only and may be made by contacting Miss Esther Bettenhausen, at Frankfort 2235, Mrs. Norman Krapf, Manhattan GR 8-3783 or Mrs. Arnold Landeck of Peotone.

Mr. and Mrs. William Rahm were dinner guests Sunday afternoon in the Emil Deist home in Wilmington celebrating the birthday of Mrs. Deist.

Mr. and Mrs. Olan Oakie of Austin, Minn. and Mrs. Evin Lewis of Lockport were Sunday evening supper guests of Mr. and Mrs. William Rahm.

The Jolly Nine Club was entertained by Mrs. Earl Bettenhausen with dessert coffee served. Scotch bridge was played and honors won by Mrs. Harry Waldhouser, Mrs. Harold

Zatteau, Miss Esther Bettenhausen, Mrs. Chester Steinberg and Mrs. Emery Bettenhausen.

A surprise supper birthday party was given for Mrs. Ralph Fehland Sunday evening in the Norman Krapf home near Manhattan. Guests were Mr. and Mrs. Earl Bettenhausen, Mr. and Mrs. Vernon Siemon of Peotone, Mr. and Mrs. Arnold Landeck and Mr. and Mrs. Emil Andres, both of Peotone and Ralph Fehland and daughter of Peotone.

When they retire from farming next spring, Mr. and Mrs. John Bauch will move into a new ranch home in Crete, which is presently being constructed. Their son Donald, will take over the farm.

Luann Jean, infant daughter of Mr. and Mrs. Harold Ulrich, was baptized at the Methodist church Sunday morning. The sponsors were Mrs. James Gardner, Mrs. Donald Hoffman and Mrs. Roger Ulrich. Besides the foregoing and their husbands, other guests at a dinner held in the Ulrich home to mark the occasion were the grandparents, Mr. and Mrs. Adolph Ulrich and Mr. and Mrs. Gilbert Schmuhl both of Frankfort, and the Rev. and Mrs. John Vautrin, officiating pastor and daughter.

2nd District Needs a Woman in Legislature, Says Clara Smollen

An overflow suburban audience heard Clara C. Smollen, Democratic Candidate for State Representative (Second District), call for the election of a woman to occupy one of the three seats in the House of Representatives from the Second District. Mrs. Smollen told the assemblage that suburban problems involving schools and welfare need the consideration and understanding of a woman's viewpoint.

"Southwest Cook County also needs a woman representative to present critical area problems and seek their solution," Mrs. Smollen said.

"Women of both parties in the Legislature of the State of Illinois have made lasting contributions to laws governing wages and hours of women in industry as well as to legislation establishing new standards in the field of welfare legislation," she claimed.

"I am a widow who has raised a family of four children," she explained, "and I know how very important it is to the citizens of Illinois to provide the educational and welfare facilities necessary to the well being of our future citizens."

She called the attention of her audience to the dire need for a full branch of the University of Illinois in the Southwest suburban area. She further explained that the Illinois Youth Commission is failing to

provide recreational and pre-delinquency programs in areas of rapid population increase. "These are problems that concern us all, men and women alike," she charged, "but they are problems that are of direct concern to women, and certainly a woman is better qualified to present the situation in a more realistic light."

"It is unfortunate, indeed it is tragic," she charged, "that the State Legislature has allowed conditions to become critical in the suburban area."

"I shall hope to rectify the situation through the introduction of legislation in the fields of Education and Welfare," she continued. "I shall dedicate myself to the enactment and promulgation of such legislation."

District director, Mrs. Fred T. Millward, Oak Lawn, will conduct round tables on duties of officers. Legislation will be led by Mrs. Duane Beeler, of Homewood, Harvey Community Parent-Teacher Council chairman.

In an effort to make the public more vote conscious, chairmen from each of the councils will present a skit, "The Case of Citizen Horace" at the

citizenship round tables.

Conference committee chairmen include: Mrs. Phillip Wheaton, Tinley Park, general arrangements; Mrs. Donald Johnson, Midlothian, assistant; Mrs. Edward Doughty, Evergreen Park, registration, and Mrs. Robert Hein, publicity. The nominating committee report will be given by Mrs. Ralph Anderson, Mrs. Jochum is in charge of meal reservations.

Presidents are requested to bring their 1957-1958 publicity record books and posters for exhibition. There will also be a display of the new program yearbooks.

New County Law Tightens Control Over Subdividers

(CNS) A sidewalk ordinance and another that tightens control over subdividers have been adopted by the Cook County Board.

Cement sidewalks now must be installed by developers in all R-4 and R-5 residential zones in unincorporated areas. Lots in these districts contain 10,000 square feet or less in land area each. The walks must be five wide and five inches thick.

The amendment was adopted recently along with another whose stated purpose is to protect home buyers from the few unscrupulous builders who cheat on street, drainage and sewer facilities.

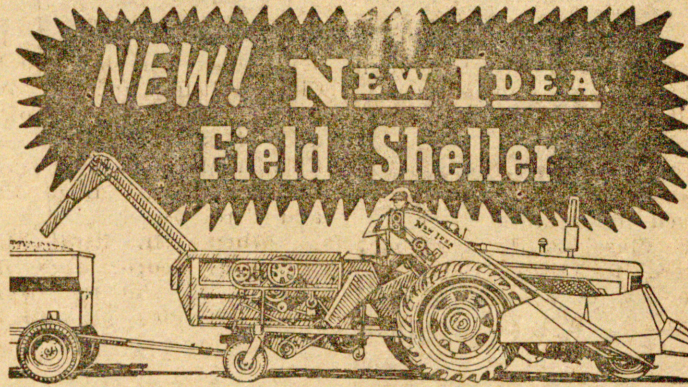

Under the new law, the county now won't issue building permits until a subdivider submits an inspection certificate from a licensed engineer showing that the subdivision has been established in accordance with the original layout and specifications approved by the county.

The county also will not release the subdivider's performance bond until the certificate is submitted. Performance bonds which cover the estimated construction cost of street, drainage and sewer facilities, are required to insure completion of the work.

The stricter controls were recommended by William J. Mortimer, county highway superintendent, who said they're aimed at "fly by night outfits."

Mortimer emphasized that most subdividers are honest. "They have to be to stay in business," he said. "But two or three fly by nights have sold lots to would be home owners, telling the buyers that streets and sewers would be put in. Then they skipped town before the work was completed and after having told the county the work is properly done."

The burden of proof now is on the subdivider. Mortimer said the county can't afford to furnish engineers for the inspections because the expense is much more than the permit fees collected.

Ronald Witkowski is Serving Aboard Prize Winning Carrier

By MRS. LILLIAN KNOX
Fieldbrook 9-0211

Ronald L. Witkowski, seaman apprentice, USN, son of Mr. and Mrs. Peter Witkowski of 14418 S. Woodland ave., is serving aboard the attack aircraft carrier USS Randolph, operating as a unit of the U.S. Sixth Fleet in the Mediterranean Sea.

The carrier left Norfolk, Va., Sept. 2, the same day she received the Atlantic Fleet Carrier Class Battle Efficiency Award for fiscal year 1958. The award was the second successive win for the Randolph.

Each year ships of the Atlantic Fleet are required to complete a given list of competitive exercises for the top class awards. In addition, the judging is based on departmental winners among the many carriers and seaplane tenders for excellence in engineering, operations, gunnery, and air department.

The Randolph made a clean sweep of all awards even though the first eight months of the year were spent in the Mediterranean area with the U. S. Sixth Fleet.

The Ladies Auxiliary to the volunteer firemen will meet Monday, Oct. 20, at 8 p.m. in the home of Mrs. Mike Chiappetti on West ave. Members are urged to attend.

The newly organized 4-H group called the Eager Beavers, held their first meeting, Friday, at the Orland Center school. This new club is a mixed group of boys and girls from 10 to 21 years of age, and will meet the first Friday of each month. Their project is baking and sewing, and leather craft for the boys. Mrs. Marvin Cooper is their leader and Mrs. Lester Sayers, co-leader. Officers elected at this meeting were: Dale Cooper, President; Wayne Rechikimer, vice president; Steve Kovikis, secretary; Bobby Cooper, treasurer; and Elaine Scheehan, reporter.

Mrs. Marvin Cooper was awarded first prize, an electric mixer, at the Illinois Turkey convention held at Morton last month.

Kathy Doogan, daughter of Mr. and Mrs. Melvin Doogan, celebrated her 14th birthday with a party Monday evening, Oct. 13 attended by her cousins, aunts and uncles.

Mr. and Mrs. John Homering of Palos celebrated their 23rd wedding anniversary, Saturday, Oct. 11. In the evening, Mr. and Mrs. Frank Buck and daughter Linda, and Mr. and Mrs. Milton Yunker entertained the honored couple with a party.

Mrs. Eleanor Hallgren of St. Petersburg, Fla. is visiting friends in the Orland area. The Hallgrens formerly resided in Orland at 8501, 135th st. Mrs. Hallgren is a past president of Orland Park P.T.A.

Mrs. Bertha Nicolai is being congratulated on the birth of a grandson, born Sept. 29 at Little Company of Mary hospital. The infant weighed 7 pounds, 4 ounces and has been named Gary Owen. The parents are Mr. and Mrs. Owen Nicolai, Chicago, former Orland Park residents.

Mr. and Mrs. Bill Adams of 147th st., are the parents of a boy, born Thursday, Oct. 9 at Silver Cross hospital, weighing 8 pounds, 12 ounces. He has been named Jeffery Miles. Mother and son are doing fine, but daddy is confined in his home suffering with the mumps.

Thomas and Charles Coop-

er, twins, celebrated their birthday, Saturday, October 4 with a party at the home of Thomas. Guests besides Mrs. Charles Cooper and Mrs. Harvey Cooper were Mr. and Mrs. Cleve Hollstein and the daughters and their families of Mr. and Mrs. Thomas Cooper. Eleanor Meyer of Round Lake, Lucille Rickett, Lilas Show and Carol Vanek.

When Mr. and Mrs. Thomas Cooper were visiting Mr. and Mrs. Clarence Beagley in Ontario, Calif., they met Mr. and Mrs. Cleve Hollstein at Disneyland. The movies taken of the Hollstein's and the scenery, were shown at the party.

Monday morning, Oct. 6, the Fire department was summoned to 135th st. and the toll road where a black-top spreader, the property of the American Asphalt and Paving Co., was afire. The fire was under control when the firemen arrived.

Thirteen ladies from Orland attended the "Luncheon is Served" at the Emanuel Lutheran church in Mokena, Friday, Oct. 10. Mrs. Harry Phil of Orland was chairman. Four of the ladies won prizes.

Schuldt Motor Sales Present New Plymouth

Albert Schuldt, proprietor of the Schuldt Motor Sales, 17459 S. Oak Park ave., Tinley Park, dealer of Plymouth and Chrysler automobiles, has created much interest by having a new Plymouth car in his show window of his garage. This new car is beautifully wrapped and tied with a lovely big bow.

Mr. Schuldt invites everyone to visit his show rooms Thursday when the new car will be unwrapped and revealed to the public.

There are many changes in styling and engineering and according to Harry E. Chesebrough, general manager of Plymouth, the company is convinced that the American economy is at a point where value is the most important single factor in the purchase of a new car.

There is a new 3-stage car-

Book Club Holds Annual Election Of New Officers

The October meeting of the Mokena Book club was held last Friday at the home of Mrs. Jack Owens. The annual election of officers was held, and Mrs. Phillip Lenz was elected vice president; Mrs. Steward Shoop, secretary; and Mrs. Albert Zemeski, librarian. These officers along with the president, Mrs. Ray Over and the treasurer, Mrs. George Carlisle, will serve for the coming year.

A new shipment of books from the State library is expected momentarily. Announcement will be made when the books are on the shelves ready for loaning. Mrs. Over said. There will be 200 children's and 100 adult books in the shipment.

Miss Barbara Niemann spent the week end at home with her parents, Mr. and Mrs. Robert Nieman, from her studies at Southern university at Carbon-

dale. Following the business meeting Mrs. George Bills presented a book review of "Majority of One" by the popular columnist Sidney J. Harris.

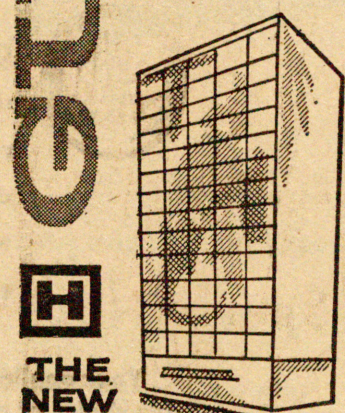

Mrs. Lydia Ryan who spent the past month with her niece and nephew, Dr. and Mrs. Francis Logan at Delaware, Ohio, returned home Sunday morning. The Logans motored here to bring Mrs. Ryan home returning the next day. While in Delaware, Mrs. Ryan and Mrs. Logan spent a day with the latter's daughter, Beverly,

buretor; new rear axle gear; new swivel front seats; new Mirror-Matic rear-view mirror, automatically 'dims' when lights of a following car come into view; automatic headlight dimmer; new styling from front, side and rear; super enamel, the new exterior finish, standard on all Plymouths which doubles the 'high gloss life' retaining high gloss without polishing for up to 24 months; new 'instant heat' heater, which starts delivering hot air in 30 seconds, and many more new features, that one must see all to appreciate this fine new car.

Get Bids to Begin Dredging Stony Creek

(CNS)—An apparent low bid of \$101,540 for the first phase of dredging operations in Stony Creek from Oak Lawn to Blue Island was opened Thursday by the Metropolitan Sanitary District.

The bid, lowest of five, was submitted by the Fitzsimmons & Connell Dredging & Dock Company, for the west leg of Stony Creek.

Plans and specifications for the 2.5 mile project from 103rd street and Oak Park avenue to the Calumet Sag channel and 86th avenue were approved earlier by the Sanitary District.

This phase of the project is expected to take about nine months to complete, said Horace Ramey, chief engineer, who had estimated the cost of the dredging this stretch at

\$175,000.

The entire program will cost an estimated \$400,000. The widening and deepening of Stony Creek will drain storm water from Oak Lawn, Alsip, Chicago Ridge, Evergreen Park, Merionette Park, and Stickney township.

"The creek is just a swamp now, only one to two feet deep," Ramey said. "We want to make 10 feet deep and 25 feet wide on the bottom."

Stony Creek, also called the Calumet Feeder or the Illinois-Michigan Canal, has never been cleaned out since the waterbed was constructed by the State of Illinois in 1848, Ramey said.

The creek once carried run-off water from the Little Calumet river to the Illinois-Michigan canal at Sag Junction but today is so shallow "there's practically no creek left," Ramey said.

Last August the Sanitary District approved an agreement between it and the State of Illinois obligating the Sanitary District to acquire any land at its own expense needed for the

widening of Stony Creek—a long awaited flood relief project.

REHABILITATION PAYS OFF

Federal tax records show rehabilitated disabled workers pay in Federal income taxes, during their working lives, ten dollars for every single dollar spent by the Federal government for their rehabilitation. Thus, employment of the handicapped is good business—and good citizenship.

Business and Finance

By MAURICE P. ANGLAND
Standard and Poor Investment Service, a leading firm in the field of investment and business analysis has interesting comments in its Oct. 6 issue.

The survey points out that common stocks of all major industrial groups, have established 1958 highs and most have advanced to new historical peaks. It expects the economy to have completely recovered from recession losses before long and attain new peaks of activity.

Steel production is at the highest level since December cement shipments are rising more than seasonally, and construction awards 23% above the level of a year ago.

The recession forced many firms to carefully study their efficiency of operation and the results are being reflected in widened profit margins. September is expected to show the first year to year earnings gain since March, 1957.

Adverse elements in the outlook center, with most analysts, in the credit policies followed by the federal reserve board to half the inflationary drift.

Tightened credit with higher interest rates and less funds for the mortgage market, may check building activity. Any slackening in this field is likely to be compensated by the automobile industry in which practically all labor troubles are settled. This industry is confident of selling about 30% more passenger cars in 1959 than in 1958.

Those stocks of firms in railroad, automobile, aluminum, cement, agricultural machinery, TV manufacturers, and steel etc., are very sensitive to general business activity and show the greatest swings in market price changes. These are known as "cyclical stocks." These groups have shown the greatest advance as business activity picked up. Steel has, of course, shown the greatest advance.

Cyclical industries often have heavy investments in plant and equipment. They often have a level of operating costs that cannot be reduced as fast as some other industries when business level drops. Once their activity goes above their "break even point," their profits are larger than those of less cyclical industries. The break even point of most steel firms is well above 50% of capacity. Plant modernization and use of automation in the past few years, has brought the break even point down considerably. Increasing labor costs are forcing these firms to spend the large sums necessary to effect further automation.

"Defensive" stocks are those of companies which have relative stability in earnings during good and bad times. Naturally, during periods of stress, the investor tries to switch quickly from cyclical to defensive positions in the market. Defensive stocks include such groups as banks, food and food container firms, drugs, finance companies, insurance of all kinds, natural gas distribution, telephone, tobacco

James Dixon Jr., son of Mr. and Mrs. James Dixon Sr., is attending college at the University of Colorado in Denver.

and electric utilities.

Drugs, electric utilities and natural gas distribution firms can be listed in a special class as also relatively stable in earnings, they also have considerable growth potential. Standard and Poor lists a group which this service thinks most favorably situated at this time. The list includes: automobiles, cement, roof and wall board, coal, chemicals, copper, agricultural and construction machinery, oil, paper, retail trades, steel and textiles.

ASC Committee Outlines Rules Covering Wheat

William Z. Polley, office manager of the Will county ASC committee reminded Will county farmers today of the feed wheat exemption provision of 1959 wheat marketing quota regulations. Legislation enacted a year ago permits farmers to grow up to 30 acres of wheat without penalty provided all of it is used for feed, seed, or human consumption on the farm where it is produced.

Any producer interested in growing up to 30 acres of wheat for 1959 under this provision should file an application prior to seeding time. Applications are available in the county office at the present time Mr. Polley said. Producers participating in the program will be required to file future reports on the use of the wheat so grown. An application may be canceled by the producer at any time, but in this event marketing quota program provisions will then apply to any wheat produced on the farm.

Under the feed wheat exemption provision no more than 30 acres of wheat may be grown on the farm. None of the crop may be sold, bartered, or exchanged. The entire crop of wheat must be used on the farm where it is produced. Any livestock or poultry fed must be owned by the producer and it will be permissible to remove any wheat to another farm for any purpose.

No marketing card will be issued for farms covered by the feed wheat exemption provision.

of Chicago at 4 pm. in the Presbyterian church in Chicago Heights. They also attended the reception held later in the Lincoln Heights restaurant there.

Marvin Chandler Named Chairman of Gas Association

Marvin Chandler, president of Northern Illinois Gas Co., Aurora, was elected chairman of the American Gas Association's General Management Section at the 40th annual A.G.A. convention Tuesday. He also was re-elected to the Association's board of directors during the convention's first general session yesterday.

The American Gas Association is the national trade association of the \$20 billion gas industry. Its 8,000 members throughout the world include the leading gas utilities, pipeline companies, and appliance and equipment manufacturers in the United States and Canada. The three-day convention, which concluded yesterday, was attended by some 5,000 delegates from every state in the nation.

vision since none of the wheat from such farms may be sold. If the conditions on which the exemption is granted are violated, the exemption becomes null and void and the producer will be subject to penalties under wheat marketing quota regulations.

Program provisions permitting producers to market 15 acres or less of

wheat without penalty regardless of the size of the allotment will only apply to producers on farms which are not participating in the feed wheat exemption provisions.

Under the wheat program for 1959 farmers now have the following options:

1. Up to 30 acres may be grown on a farm provided all of the wheat produced is prop-

erly used on that farm. Written request must be filed with ASC office.

2. The allotment acreage (if any) may be grown on the farm with price support available on the wheat produced.

3. If there is no allotment on the farm or it is small, up to 15 acres of wheat may be grown without penalty and placed on the market without price support.

Throw Out Bids on Trunk Line Sewer Between 159th & Markham

(CNS)—The low bid of \$1,710,820 to construct a 1.5 mile sewer system from 159th place and California to 161st st. and Thorndale in Markham was rejected Thursday by the Metropolitan Sanitary District.

The Sanitary District has estimated the job to cost \$790,000 and termed the lowest of five bids "too high." The low bid was submitted by Anthony Pontarelli & Sons.

Sanitary District engineers will make soil tests on the site of the proposed project.

"We want to take a look at the ground to determine the type of soil," said Horace Ramey, chief engineer. He estimated the tests will take two or three weeks to complete.

Ramey said the project will extend the Sanitary District's new sewer line now under construction between Blue Island and Markham.

The extension, a one year job, will run eastward and parallel to the Union Drainage Ditch to a point near the southwest tip of Harvey.

The sewer will be constructed from a proposed connection with the intercepting sewer in 159th st. from California ave. south-easterly along and across the Northern Illinois toll highway to Thorndale ave., southeast on Thorndale from Rockwell st. to Western ave., south on Western to 162nd st., east to Robey st., north to the connection with an existing 54-inch sewer at 161st st.

A branch will be constructed north from 162nd st. and Oakley ave. to 159th st.

No. Ill. Univ. To Celebrate 2nd Homecoming

Northern Illinois University alumni, returning to their alma mater on Oct. 18, will find themselves in the midst of a growing Northern celebrating its second Homecoming "university style." An estimated crowd of more than 10,000 will crowd DeKalb throughout the day.

The schedule includes the Alumni Dance, the Coronation Ball, the Northern-Central Michigan football game and the annual Homecoming Parade, made up of 28 decorated float and car entries. These events plus the alumni coffee hours and banquet, and the house and dormitory decorations will make "Commercially Speaking" the biggest celebration of the year. J. Warren Madden, graduate of 1908 class, and judge in the U. S. Court of Claims, will be guest speaker at the alumni banquet.

Name bands will play at both the Alumni Dance and the Coronation Ball, Friday, Oct. 17, Paul Meeker and orchestra will provide musical entertainment at the Coronation Ball in Still Gym. The crowning of the 1958 Homecoming King and Queen by last year's royalty, Dave Taylor of Chicago and Marge Brazzelle of Cicero will be the highlight of the evening.

Saturday evening the visiting alumni, students and guests will dance to the music of the Tex Beneke orchestra in the Sycamore Armory. Beneke, a former member of the Glenn Miller band will play some of the Glenn Miller favorites in addition to a number of his own hit recordings.

The Homecoming Parade is scheduled to begin promptly at 10 a.m. Saturday. Floats, decorated cars, the 1958 Homecoming Court, the NIU marching band, and several visiting bands will

Farmers Should Reserve Trees Now for 1959

Farmers and other rural landowners wishing to plant a stand of forest trees next spring may reserve seedlings and transplants from the state nurseries now.

A. A. Wicklein, Will County Farm Adviser, says that rural people may use these trees to establish a stand to grow forest crops control soil erosion, develop wildlife cover or start a field shelterbelt for wind protection.

Evergreens or conifers available this year include jack, loblolly, red, Scotch, shortleaf and white pine, red cedar and bald cypress, Wicklein says. The state nurseries are also offering nine hardwood or broad-leaved species, including ash, black locust, black walnut, cottonwood, osage orange or "hedge," red gum, soft maple, sycamore and tulip poplar.

Multiflora rose, a wildlife shrub, is also being offered. Red pine transplants, Scotch pine and bald cypress are reported to be in short supply. Red pine seedlings, however, are plentiful.

Wicklein says that use of state nursery trees for shade, landscaping or farmstead windbreaks is expressly forbidden. Commercial, privately owned nurseries offer stocks for such purposes. One of the two state nurseries is located in Union County northwest of Jonesboro, and the other in Mason County east of Havana.

Farm areas best adapted to forest planting include slopes too steep to cultivate or pasture profitably, severely eroded areas and soils too low in fertility to make fertilization worthwhile, Wicklein points out. Expected forest crops from such planting range from Christmas trees and fence posts to poles and sawlogs. Foresters say that several kinds of forest products are commonly grown in a single stand as it develops.

Prospective tree planters should send in their applications for nursery stock early to reserve the kinds of trees they want. Wicklein, as well as the farm forester, has price lists, application blanks and information on forest planting. Those intending to plant trees in the Conservation Reserve Program must obtain special nursery application blanks from the county ASC office.

More than eight out of 10 auto accidents occur on level road, according to the National Safety Council, and about seven out of 10 on dry roads.

proceed east on Lincoln Highway from the university to Seventh Street. Awards are to be presented to the winning float and car entries at 12:45 in the Carroll ave. parking lot east of Reavis Hall.

Kick-off time for the Homecoming game is set at 2 p.m. ceremonies will include an introduction of the King and at Glidden Field. Half-time Queen and the members of the 1958 Court, an announcement of the parade winners, and the presentation of the prizes for house and dormitory decorations. A program of formations and drills by the marching bands of NIU and visiting schools will follow.

Homecoming activities will be concluded with an "open house" tea at the recently completed University Laboratory School from 2 p.m. to 5 p.m. Sunday afternoon.

Stock Five Lakes In Cook County With More Fish

district lakes have been stocked with fish this month, reports Daniel Ryan, president. The project improved:

Maple lake, near Willow Springs, 3,500 fingerling large mouth bass and 3,500 fingerling bluegills added.

Powder Horn lake, north of Brainard avenue and one-half mile east of Burnham avenue, 2,500 of each.

Potawatomi lake, near Wheeling 600 fingerling, small mouth bass.

Waukegan lake, Thornton township, 2,500 fingerling bluegills supplementing a stock of small mouth bass that gave "excellent fishing" the past year, said Ryan.

An unnamed lake south of 135th street west of Harlem avenue, 900 fingerling blue gills.

In all but Waukegan and Potawatomi lakes, the district will add breeder bass taken from forest preserve district waters, said Roland F. Eisenbeis, conservation superintendent. The breeders will spawn next year, taking up the "slack" period of two to three years before the fingerling spawn.

About 200,000 to 300,000 Chicagoans tried their luck at the forest preserve district's 19 fishing spots this year, said Charles Sauers, general superintendent.

One of every three inquiries, out of thousands we get every year, is on fishing, Sauers said.

The waters of Cook county are among the most heavily fished waters in the world, Eisenbeis said. The area has what he terms good spawning waters because the soil is so fertile.

Despite the good growth rate, the district found one snag in the case of Maple lake where the rough fish, including carp and the suckers, led to a situation where the game fish were not reproducing.

Forest preserve district officials solved the problem last month by spraying the lake with 285 gallons of a poison treatment.

Seventy per cent of the total weight of 10 tons of fish that surfaced were carp and 12 per cent were blueheads, Eisenbeis said. The rest were a large variety of everything, he added. Maple lake had dwindled to very poor fishing in the last few years, he said.

Eisenbeis recalled the best year at Maple lake was in 1946 when an average of 200 pounds to the acre was caught that season. Left-over bait dumped in the lake by fishermen is how the rough fish got started in taking over the fish population of the lake, he said.

Motor vehicle accidents take the lives of a person every 14 minutes, according to the National Safety Council. One person is injured in a motor vehicle mishap every 23 seconds.

League of Women Voters Publish 1958 Edition of Voter's Handbook

The new 1958 edition of the Illinois Voter's Handbook was recently published by the League of Women Voters of Illinois. Showing the structure and function of local, state, and national governments, the Handbook serves not only as an auxiliary textbook approved by the board of education of Chicago and other school boards in Illinois, but as a ready reference guide on voting and elections; political parties; municipal, county, township, Illinois and Federal government.

There are chapters on government finance, civil service, public instruction, and public welfare.

Issued every two years, the Handbook brings up to date changes made by the new state laws. New maps showing the new Circuit Court districts are included, as well as maps showing the senatorial, representative, and congressional districts in Illinois, Cook County and Chicago. The chapter on civil service outlines the changes made by the new merit system laws. The new law distributing many of the duties of the auditor among several other state agencies is also described.

A comprehensive index covering subjects from absentee ballot to zoning is useful in making this an every day reference book not only for public officials, libraries, and students, but for professional and business people, as well as every citizen in Illinois.

The editor of the handbook, Mrs. Robert C. Peabody, Riverside, said:

"One of the privileges of democracy is that of participating in government, as a voter, as an appointed or elected officer, as an advisor. This privilege cannot

be exercised without accurate, nonpartisan knowledge of government.

"The League of Women Voters of Illinois prepares this Handbook to assist citizens in being knowledgeable, active participants in government."

The Handbook may be ordered from the League of Women Voters of Illinois, 59 East Madison street, Chicago, 2, at a cost of \$1.00 per copy, plus postage, with discounts for quantity orders.

County Installs Rumbler Pavement To Alert Drivers

(CNS)—The county highway department is winding up its 1958 rumbler pavement program. The project involves the installation of the pebbly surface that alerts motorists at approaches to stop signs.

William J. Mortimer, county highway superintendent, reports that workmen are putting the finishing touches to this year's program for rumbler pavement at 36 intersections in Cook county. It'll bring to 134 the total locations treated since the practice was 1955.

The pebbly surface begins 300 feet from the stop light.

Pope Pius XII

The death of Pius XII, who has been described as the pope who remained a parish priest, is a great loss not only to Roman Catholics but to all peoples of all faiths.

He was elected pope in March, 1939 and since that time had worked unceasingly in the cause of peace. Prior to his election as pontiff, Eugenio Pacelli served his predecessor as papal secretary of state and so was thoroughly familiar with diplomacy and diplomats. Probably it was this knowledge that guided his efforts for peace.

Thru his teaching and preaching charity and love to the peoples of the world, Pius XII worked for understanding and peace. He chose this direct approach rather than to proceed thru diplomatic channels. The diplomats haven't been doing so well for peace.

He was a sincere, kindly person with a genuine and deep affection for people. He

probably saw more people than any of his 260 predecessors and frequently took time out of a busy schedule to grant private audiences with persons in need of spiritual comfort and guidance. That is why he is described as the pope that was also a parish priest.

Probably it was because he liked people that people liked him. From Christians of other creeds, Moslems, Jews, Buddhists, heads of governments and civic leaders have come expressions of regret at the Pope's passing.

He was a man of essential goodness and the world is a better one for his having been in it. Bishop McNamara of Joliet summed it up very well in one sentence of a statement he issued this week in connection with the death of Pope Pius.

"He preached many times," the bishop said, "but his greatest sermon was his dedicated life."

by
GLENN F. LOGAN

J. E. Frost, more widely known as Jack Frost, painter extraordinary, whose a u t u m n a l landscapes have brought him world acclaim, is again at work and his current offerings contain pictures that critics are certain to include among his masterpieces.

It is Mr. Frost's masterful use of color that brings his canvasses alive. His theme is old yet the vivid shades with which the artist clothes it makes it ever new and brings delight and pleasure to the eyes of the beholders.

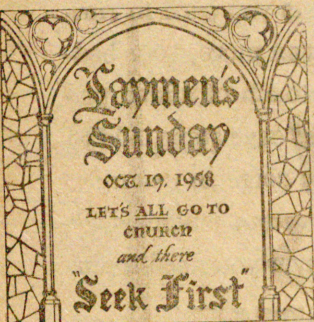

There is no limit to composition. There are places where his work stretches as far as the eye can see and the browns, and russets, the luminous golds and yellows, the brilliant reds, the greens and all of the multitudinous shadings of each bring a thrill to the passer-by.

Persons marooned in cities and towns and are unable to get into the country to see this gorgeous spectacle are missing a great deal.

The forest preserves of both Will and Cook counties and the privately owned stands of timber will be drawing thousands of visitors each week now until the winds strip the trees and shrubs and Mr. Frost puts his palette and brushes away for another year.

With the political campaign on in full swing, church groups sponsoring suppers are reporting good returns on ticket sales.

Not only do the office seekers attend such affairs but they are generally accompanied by followers. And it isn't just the people running for election this fall that turn out. Office holders who still have a couple of years to serve also seize the opportunity offered by church suppers to do a bit of fence mending.

The only drawback is that these suppers appear to have a habit of bunching up before election. Everyone seems to want to get into the act, and it's no little feat to spread one's self over three or four suppers in an evening.

It can be and is done, of course, if the serving starts early and continues late enough. Stimulates sales of soda bicarb too.

But as far as is known to this department there are no statistics available which shows how many votes there are to a bite.

And this from Marty of the Back Shop—printers' ink never dries, it just fades away.

I am a Scot. (hometown, Edinburgh) now a civil servant in London. During the war I was a radio operator in the British Merchant Navy and I visited America many times. I was always impressed by the kindness and hospitality shown to the "Limeys" like myself who were thrown up on your shores by the war.

I now have a lot of spare time and so as a hobby, I have started the Anglo-American Pen club to enable children and teenagers in America and Britain to get to know each other better, exchange ideas, magazines etc.

I already have a long list of young Britons who are eager to make pen friends in America but my difficulty is putting them in touch with young Americans of similar interests. I am, therefore, taking the liberty of writing to you in the hope that you will bring the Club to the attention of your readers.

I am sure you will agree that only good can come from such a flow of correspondence across the Atlantic and if any of your readers are interested would you please advise them to write to: Mr. H. Henry, 38, Crawford Street, London, W.1, England.

The Bremen Beat

By EDWIN BRUELL

Ten schools participated in the annual G.A.A. play day held Saturday, Oct. 4, from 8:30 a.m. to 1:30 p.m. at Bremen community high school. Schools representing the Southwest Suburban Conference and others participating were Crete-Monee, Bloom, Oak Lawn, Reavis, Riverside-Brookfield, Lincoln-Way, Carl Sandburg, Rich, Evergreen Park and Bremen.

Basketball, line speedball, swimming, and volleyball were on the program, with lunch in the Bremen cafeteria and a film, "This Is for Me," presented for the benefit of the girls, many of whom look forward to careers as teachers of physical education.

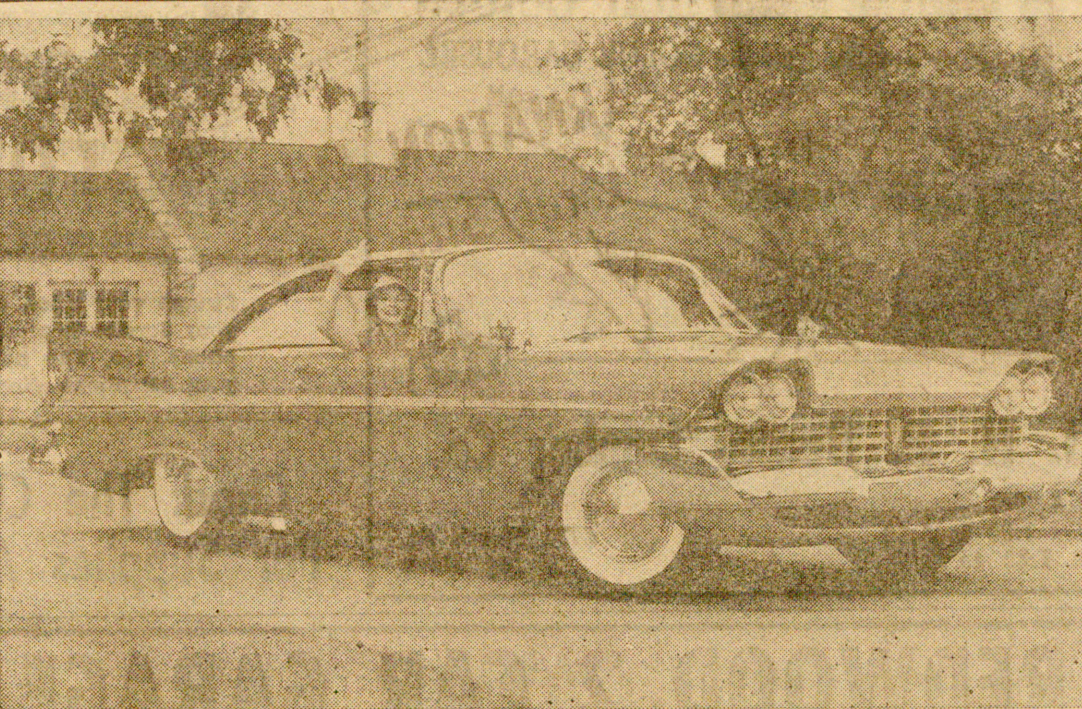

Betty Andrysiak, Bremen student, was general chairman, and Mrs. Evelyn Aitken, Mrs. Linda Finley, and Judith Koerner were faculty sponsors of the Girls' Athletic Association affair.

Other activities of the G.A.A. consist of selling decals boosting Bremen and operating concessions at home football games.
